

San Jose Ukulele Club Beginner Lessons

These lessons are very condensed and PRACTICE between sessions is highly recommended! The goal is to become familiar with the major, minor and sevenths of the most frequently used chords. Barred chords, “moveable” chords, chord shapes and simple strum patterns will be touched upon.

Print out the chord charts from the link on our website’s home page. These charts show which and where to place your fingers to form the chords.

Example: to play the G major chord, place your index finger on the 3rd string/2nd fret, middle finger on the 1st string/ 2nd fret and ring finger on 2nd string/3rd fret.

Note for Lefties: Ukuleles can be easily re-strung for left-handed players by simply reversing the order of the strings. Most, if not all, ukulele song books/song sheets show chord diagrams for right handed layers. There are charts that can be downloaded on the internet for left handed players.

First lesson: F, C7, C, G, and G7.

Practice these two-chords songs: The Banana Boat song (F, C7), Paperback Writer (C, G) , Jambalaya on the Bayou (C, G7) and Buffalo Gals (C, G7). Do a simple downstrum where you see a timing dot over the lyric.

Second lesson: A, Am, A7, D, Dm and D7.

D7 is the first **barred** chord to learn. To barre a chord, place your index finger across all the strings. Make sure your thumb is behind the neck of the ukulele in order to apply pressure to achieve clean sounding chords.

Songs: Da Doo Ron Ron (A, D, G) or Bad Moon Rising (A, D, G), Up On the Roof-Key of C (C, Am, F, G), Where Did Our Love Go? (C, G, Dm), Act Naturally (D7, G, C, A7), The Hukilau Song (C, G7, A7, D7), Hey, Good Lookin' (C, D7, G7, F, C7),

Third lesson: E, Em, E7, and barred chords: Bb, Bbm, Bb7, B, Bm and B7

This lesson covers various ways to play the E major chord, which some uke players have difficulty with. We also covers some common chord shapes

Songs: Three Little Birds (A, D, E), Eleanor Rigby (C, Em), Under the Boardwalk (G, D, D7, G7, Em) Peggy Sue (A, D, E7, F), Sitting on the Dock of the Bay has a C^{2nd}, B, Bb walkdown (see diagrams). Notice how the fingering pattern stays the same but is simply moved down (or up) the fretboard.

Fourth lesson: Cm, Fm, F#m, Gm

This lesson completes the aim of covering the most commonly used chords: major, minor and sevenths.

Songs: Blue Bayou-Key of G, (G, D7, Cm, C), Up on the Roof -Key of A (A, F#m, D, E7) I'll Follow the Sun (C, F, G, D7, Am, G7, C7, Fm). Groovin, (F, Am, Gm, C7, Bb)

PRACTICE!
